How to control AIRCAST in the AIRENCE mixer
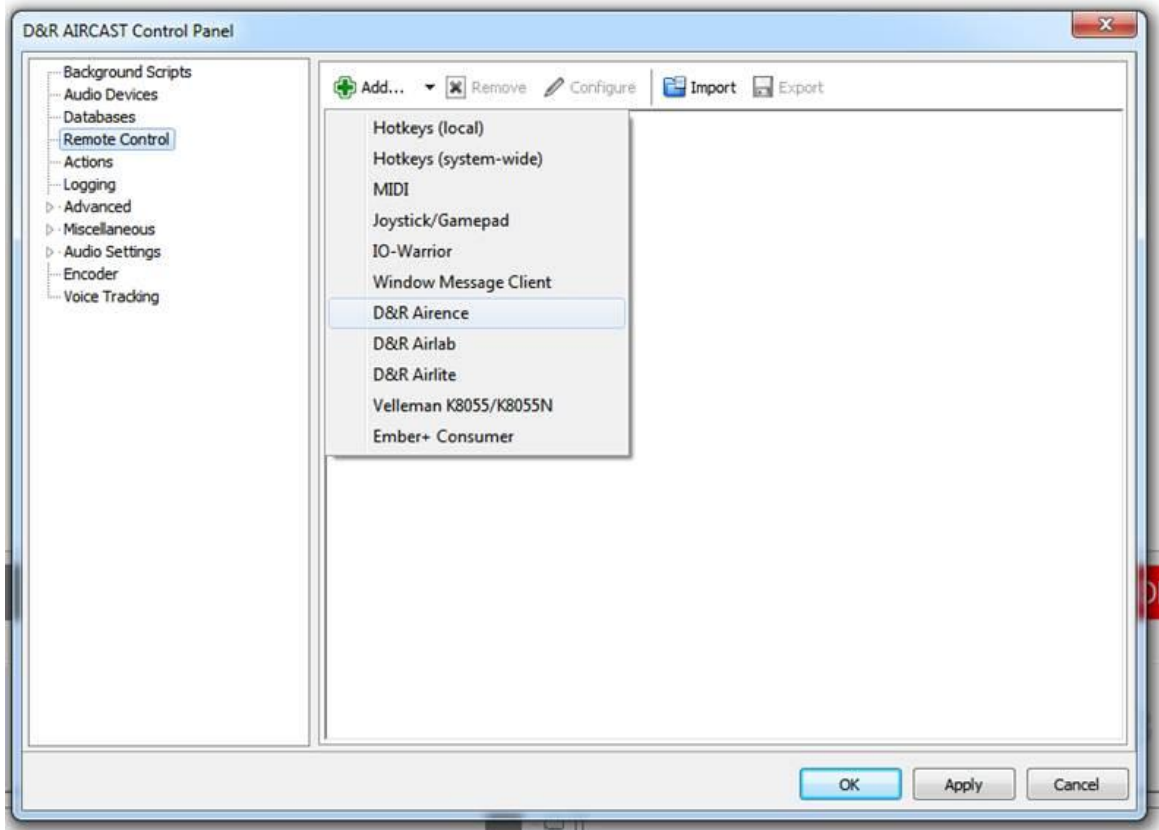

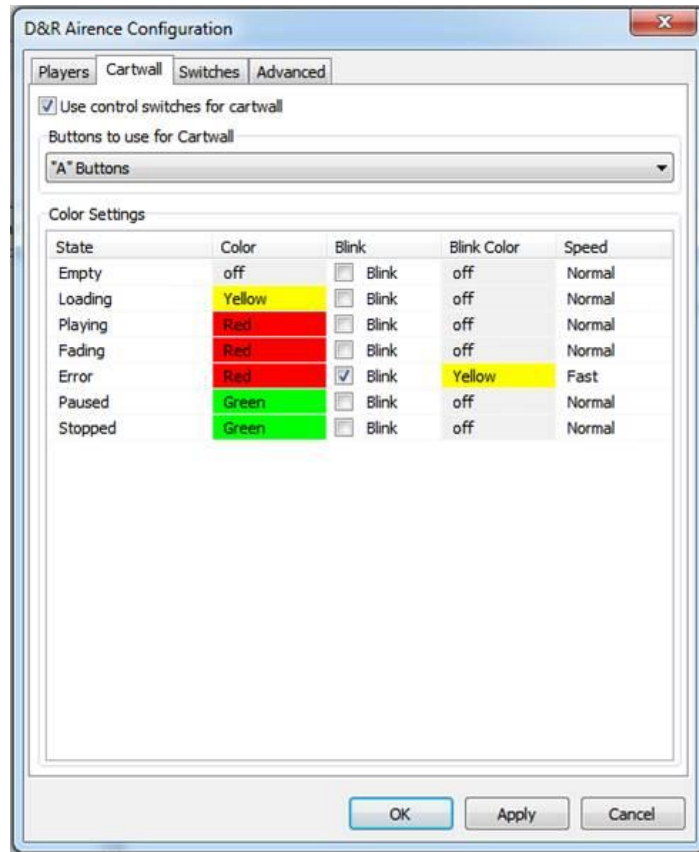

It is not needed to use the keyboard mapper to be able to control Aircast.
Under **Control Panel -> Remote Control** you can **Add**(+) a *D&R Airence* remote control.

In the tab **Cartwall** make sure the checkbox '*Use control switches for cartwall*' is checked.

In the tab *Players* assign a usb channel for each player. Faderstarts start/stop the players.
